WOODEN DECORATIONS

A photograph of a display of various wooden decorations. In the foreground, several thick slices of logs are arranged on a white shelf. Some slices have decorative cutouts, including a circular one with a starburst pattern and another with a circular cutout. To the left, a mesh bag contains smaller log slices. In the background, there are several wooden wreaths made of twigs and pinecones, and a tall, narrow, conical wooden decoration. The scene is lit with warm, golden light, creating a cozy atmosphere.
